 and rain. Smoky and in company
 with Bark Present with whale along side
 and one whaling Scho. in sight and the Bark
 Present commences to return at 3 o'clock PM.
 the whale we marked so in lying Starboard
 head and under of short sail. (lot 39:00 long 75:00)

Jan. a master

Remarks on Board Sunday April 23.
 has his fresh breeze from S.W. and Drizzle with
 us in company with Bark President and
 John and D. makes ... at 4 P.M.
 and the capt. came on Board at 6.30 P.M.
 So we lying under at short sail for the
 So' and ... long ... pumps attended to

Remarks on Board Sat April 23.
 has his fine weather and light breeze from S.E.
 in company and from D. & small Brig and Golding
 city and Bark President and Regent the bark
 the to get cargo to ... of ...
 do it to get an share of oil and at 11 o'clock
 sent the casks over. So the capt. went over
 to the capt. of Bark coal him on Board
 and so came on Board at 9 P.M. we lying
 on Port tack under at short sail so the
 pumps attended to (Lat 38° 01' long 74° 58')

Remarks on Board Sunday April 24.
 has his fine weather Breeze from N.E. at 8 o'clock
 On we have steered Bark President and
 got the 18 barrels of oil from him and got
 then on tack and we see John Golding city
 we have Bark down so we made to all sail
 and got the ... Regd. ... at 9 ...
 we run off about 3 miles then company with
 President Bark and the capt. see another
 school of whales then he made signal for
 us to look up so we did and observed the
 Boat got one whale and then it was got
 dead. the capt. ... struck the whale
 then his Boat over so' and scout must
 see the whale for ... and got the whale
 a shot along ... at ... P.M. so the
 other 2 Boats going ...
 ... lat 36° 29' long ...

Depart on Board Saturday April 25
has been fresh breeze from N.E. all time on
that course & enter the Strait & arrived
at the [unclear] and commenced to Boil at 7
and the [unclear] [unclear] from [unclear]
about [unclear] (Lat 36°28 long 00°00)

 has been fine weather down Boiling at 6.30 AM
 and then the oil down at 8 clock and gear
 side at 10 AM and core & knales Board
 (sample of the oil to) lat 36-55 long 73-14

Remark on Board Friday May 6th
 has bin pleasant weather Breeze from W. S. wind
 succeeded standing down the creek and washed
 the paint work at 3 o'clock P.M. and
 in afternoon made all sails to go out
 Sound this day - pumps attended to (Lat 36° 58' long 72° 12')

Remark on Board Sat. May 7th
 has bin fresh Breeze from E. S. wind cloudy
 weather Sea 2 whaling Schoes in Stream one
 was Boiling at 5 P.M. very much so -
 Ship heading to Westward Sound (Lat 37° 30' long 72° 34')
 pumps attended to

Remark on Board Sunday May 8th
 has bin strong Breeze from E. S. wind and
 heading to Westward and Sea 2 whaling
 vessels bound to Westward Sound this day
 pumps attended to (Lat 36° 30' long 73° 57')

Remark on Board Monday May 9th
 has bin fine fair Sea school of sperm whales
 at 6 o'clock got the boat ready down stream
 aboard to get one whale and got one
 long and at 11 P.M. got the gear up and
 then in at 3 P.M. all in then saw another
 school boat went down hard and the boat
 got another one got him along side at 5 and
 started the boat & hoisted whale blubber.
 at 6 P.M. Sailed this (Lat 37° 00' long 73° 40')

Remark on Board Tuesday May 10th
 fine all ahead, on deck commenced to
 cut the ~~fat~~ whale at 11 P.M. got all in on deck
 at 8 o'clock and still boiling and
 the boat cut off 3 seal and got
 out to put oil in Sound (Lat 36° 54' long 73° 52')

Spoke
at 10.00. am

Remarks on Board Wed May 11

has been very moderate sailing at 3 knots.
P. M. School 10 knots, so I can't say
how far we have from the ship got within
the harbor, take a 5 min. board.

Lat 37° 10' Long 74° 30'

Remarks on Board Thursday May 12

has been very fair sailing at 10 knots
at 10 knots board Lat 37° 04' Long 74° 37'

Remarks on Board Friday May 13

has been very moderate. Stow rest of oil
down and washed the sheep 50' at Lat 36° 50' Long 73° 55'

pumps attended to

Remarks on Board Sat. May 14

has been fine weather and light breeze from
S.W. Sea down, wind at 10 knots and at 1:30
gave Mr. E. B. Cornell left noon 10 knots

pumps attended to Lat 36° 42' Long 73° 27'

Remarks on Board Sunday May 15

has been pleasant weather and fresh breeze
from S.W. in company with E. B. Cornell
at 11 clock 27 m. See School of Sparrows
going quick to S.W. Col all hands
got 11 boats ready to leave at noon
See them again 50 yards high and keep
at E at 4 P.M. See a note about one
mile and left off lee. Began low the
Boats down, and water out of
moozy chest, then at 6:30 P.M. Boat
came on Board at 7 got nothing. So holding
tail line on port slack to leading
to Westward Sea Lat 37° 04' Long 72° 17'

Remark on Board C/Boyd May 16
 has been fresh breeze from S. W. and wind
 weather moderate & calm at 6. A. M. and
 in company with C. B. con. all eat no thing since
 here was, seeing a small whaling boat
 one clock. See a small boat about
 the boat and some fish
 the labour the boat got along
 at 7.30 P.M. got the whaling boat
 found the boat (lat 37-28 long 73-03)

Remark on Board Thursday May 17
 has been light breeze from N. E. all hands on deck
 when the whaling commenced at 8 A.M. at 8 A.M.
 all in on deck and I heard the whistles at 9.
 and see 4 whaling boats Boiling S. ends this day.
 (lat 37-24 long 73-14)

Remark on Board Friday May 18
 has been moderate weather Boiling at one clock P.M.
 3 whaling boats in company with us and
 the capt of the golding city came on board
 and we see the labor C. B. connect with
 Boat. Dr. Brown so in low on boat to want
 pool long distance off in find out the low
 low boat for the whole so we came on board
 again at 3.45 and I saw some of the oil down
 in four hours. and then Boil at 8 clock P.M.

Remark on Board Saturday May 19
 has been moderate weather first part storm out
 of the side down and washed the paint away
 at 5 P.M. saw the golding city and
 4 more whaling boats in company and Boat
 present so we went on this day (lat 37-15 long 73-01)
 people attended to.

John Peter Park H.S.

Remark on Board ~~the~~ May 20
 his being moderate weather. Sailing to Estuaries
 and Dec. whole Breach 8 miles off at 3 o'clock
 P.M. saw Boat down the harbor
 the Boat got fast to 30 B. whale and
 with the whale took his line and
 he put for the sheep got another line
 from the Starboard the Boat and
 he went got fast to same whale
 got him long Seal at 7 o'clock P.M.
 and the capst. heaved one up from under
 that and got the 2 long Seal
 fast and took in his N. Seal
 branches this day [Lat 37° 06' Long 72° 02']

Remark on Board ~~the~~ May 21
 his being fresh Breeze from S.W. all hand
 on deck at 5 A.M. got the gear up
 and commenced to cut in the 2 whales got
 them a 12 A.M. and forced the whale at
 1 o'clock P.M. and at 6 was very buff
 cut in the joints. So end this day [Lat 37° 00' Long 72° 00']

Remark on Board ~~the~~ May 22
 his being Breezy and cloudy and rain
 Boiling sea one whale and another
 at 4 P.M. got one each of oil down
 in fore hold. So end this day [Lat 37° 00' Long 72° 00']

Remark on Board ~~the~~ May 23
 his being pleasant weather Boiling and storm
 some of the oil down [Lat 37° 30' Long 72° 04']

Remark on Board Monday May 24
has bin pleasant weather see the whales the Boat
went down the ladder at the Boat got fast
to small vessels to get off them him
and went got fast to bag one and the crew
got fast to some to catch and it put back
up the small whal and the Secant must
go fast to on the crew Breach So the
Boat came on Board at 3.30 P.M.
So will this day (Lat $37^{\circ}34'$ Lon $72^{\circ}09'$)

Remark on Board Wed. May 25
has bin pleasant weather got 5 whals along
Side's Boat S.M. and got the gear up all
ready to cut in Sound (Lat $37^{\circ}00'$ Lon $72^{\circ}00'$)

Remark on Board Thursday May 26 all hands
on deck cutting the 3 whals and the Breach
we could get her at 7 o'clock S.M. and back
in main sail and at 10 o'clock S.M.
(Lat $37^{\circ}00'$ Lon $72^{\circ}00'$)

Remark on Board Friday May 27
has bin fresh breeze from S.W. all day started
cutting at 4 o'clock S.M. and cutting up the whal
to cut the day (Lat $37^{\circ}00'$ Lon $72^{\circ}00'$)

Remark on Board Saturday May 28
has bin fresh breeze all hands on deck
boiling and cutting up the whal and
back and taking up the east side of the whal
(Lat $37^{\circ}06'$ Lon $72^{\circ}31'$)

has bin pleasant weather breeze from S.W.
steering e. by n. and boiling and taking
up the east side of the whal this day (Lat $37^{\circ}34'$ Lon $72^{\circ}00'$)

Remarks on Band of clouds May 30

his bin of paint water got down Boiling
at one o'clock. In. and low down to
the rail Body to lat. 30. 1, for lat 35-38 log 71-47

Remarks on clouds. Tuesday May 31

his bin of paint water got down Boiling
at one o'clock. In. and low down to
the rail Body to lat. 30. 1, for lat 35-38 log 71-47

Lat 38-20 log 73-24

Remarks on clouds. Wednesday May 31

Report on Arctic June 1st
has been pleasant weather today S.W. and
S.E. from S.W. & E. see several vessels
and steamers South

Remark on Board Thursday June 2.
Saw the first white light breeze from S.E.
The light breeze at 7 AM and in the afternoon
of 21 May of weather at 5.20 took the
boat at 7 AM the boat left on the
trip to the harbor in the afternoon got away the
Sloop and in the evening found the sound the only

arrived on 21st Friday from S. line
we then came down side of the wharf at 9 clock E. m.
desolage 32 cask, of oil landed on wharf
So ended this day in Norfolk

Remark on Board Sat. June 4 has been
fine weather at Norfolk. Going along side
of the Wharf - disengaged the oil 26 cask & unladen
12 m. there the two boats left the shore &
off on their way. Left at the same time
Board Breaking out the rest of the oil
and the ship. I went out 4 m. & found
good weather to cooking the vessel.
So ends this voyage.

Remark on Board I then to France for
has been for the ship lying to anchor in a stream
at Norfolk at 2 o'clock I'm coming to Bait
and at 5 o'clock I'm clear of the Sound, 17th

Nota: Padre Parola M. J.

Remark on Board 6th day June 6
 took log 3 at 9 AM. vessel is in fine
 weather at 9 AM. I'm got up
 and discharged out 100 lbs of
 shot. at 12 o'clock got to the beach. the
 vessel is in fine weather on the beach.
 So end this day.

Remark on Board Thursday June 7
 has been pleasant weather in the anchor in stream
 the ship and anchor in the stream
 and some of the men and mat on shore
 cleaning the deck and Benjamin up to boat
 at 12 o'clock Bedford at 2 o'clock P.M. came
 on Rain So end this day

Remark on Board Friday June 8. Sanchez
 has been fine calm weather on Board walking
 on floor chain belt and painting the ship on
 and 12 o'clock and clean out the shore got ready
 for 12 o'clock the anchor at one o'clock P.M. came
 on Rain until 3 P.M. So end this day

Remark on Board Saturday June 9
 has been fine weather 12 M. going to anchor in
 harbor making on deck at 2 o'clock
 12 M. commence to Rain

Remark on Board Sunday June 10. Ling
 to anchor painting the ship on one side and
